Day 2 – Depart up the **Peninsular Development Road** for the **Old Telegraph Track (OTT)** heading for **Cape York**. We travel via the **Hann River Roadhouse**, and check out the **Musgrave Telegraph Station**. Musgrave was first built as an overland telegraph station in 1887, along with Palmerville, Fairview, Coen, Mein, Moreton, McDonnell and Paterson. It was named after Sir Anthony Musgrave (1828 – 1888) who was Governor of Queensland from 1883 to 1888. These stations were repeater stations, with great banks of batteries and a generator to boost the power in the telegraph line. Beyond the township of **Coen** we pass the old **Quarantine Station**, and begin to pass a number of exciting creek crossings. We pass through the Mungkan Kandju National Park, a large wilderness park that stretches from the McIlwraith Range foothills, between the Archer and Coen rivers, and consists of open eucalypt woodlands, melaleuca swamps and various rainforest types. The Wik Mungkan, Kaanju and Ayapathu Aboriginal peoples, the Traditional Owners of the park, welcome you to their land and ask that you respect their culture and country during your visit. We take a break at the **Archer River Roadhouse**, and cross the **Piccaninny Plains and Savannah country** to arrive in **Weipa** for an optional tour of the massive bauxite mine operated by Rio Tinto (if operating). Weipa is the largest town on Cape York Peninsula, and has approx 3000 people supporting the mining and export of bauxite and cattle. Nearby is Duyfken Point, where Dutch explorer Willem Janszoon recorded the Australian coast in 1606, 164 years prior to James Cook. BLD Overnight **Weipa**

In the early days over 1000 Japanese pearl divers were operating here. In 1880, Thursday Island acted as a defence post for Australia and old canons remain on the Island. On TI, a **1 hour island tour is included**, highlighting local history and landmarks, then free time to enjoy the **Torres Strait Islander cultural centre**, and pearl, souvenir or window shopping. After lunch, (own cost) the return ferry departs at 2:30 from Engineers Wharf, arriving approximately 3:40. Enjoy free time this afternoon till dinner. Optionally, from Thursday Island you can join the **Horn Island tour** which visits WWII sites including a **WWII museum**. This tour also meets the last & only return ferry, and does not give time to look around Thursday Island. If you choose, **you can overnight on Thursday Island** and join us early next morning (additional cost) BD Overnight **Punsand Bay Resort, Barmaga, Cape York**

Day 5 – Heading south we visit the **WWII aircraft wrecks** of Bamaga, and skirt the **Jardine River National Park**, take the **Jardine River crossing** then a rest stop at **Fruit Bat Falls** and **Eliot Falls** and a swim at **Twin Falls**.
